

Doing Chores

Nobody likes to do chores, but someone has got to do them. If no one did chores, your house would be very messy. If you have a pet, and no one feeds him or cleans up after him, he would be very sad.

It is not your parents responsibility to do all the chores. You are on a team - team family! This means that EVERYONE who lives in a home needs to pitch in and help out! Remember, if everyone helps out then there will be more time for fun activities!
